## WELCOME WORDS TO WOMEN.

Women who suffer with disorders peculiar to their sex should write to Dr. Pierce and receive free the advice of a physician of over forty years' experience—a skilled and successful specialist in the diseases of women. Every letter has the most careful consideration and is regarded as *sacredly* confidential. Many sensitively modest women write fully to Dr. Pierce what they would shrink from telling to their local physician. The local physician is pretty sure to say that he cannot do anything without "an examination." Dr. Pierce holds that these distasteful examinations are generally needless, and that no woman, except in rare cases, should submit to them.

Dr. Pierce's treatment cures in the privacy of your home. His "Favorite Prescription" has cured hundreds of thousands of bad cases. It is the only medicine of its kind that is the product of a regularly graduated physician. Some unscrupulous medicine dealers may offer you a substitute. Don't take it. Don't trifle with your health. Write to Dr. R. V. Pierce, Buffalo, N. Y.,—take his advice and be well.

Mrs. R. D. Monfort, of Lebanon, Warren Co., O., writes: "I have received the 'Medical Adviser.' A crisp, new five dollar bill could not tempt me to part with it."

On receipt of 21 one-cent stamps, to pay cost of mailing *only*, we will send to any address a paper-bound copy of Dr. Pierce's great 1000-page book, "The Common Sense Medical Adviser." Or, for 31 stamps the same in cloth binding. Address Dr. R. V. Pierce, Buffalo, N. Y.

Pierce's Pleasant Pellets

The Original LITTLE LIVER PILLS, first put up by old Dr. R. V. Pierce over 40 years ago. Much imitated, but never equaled. Little pill, Little dose, but give great results in a curative way in all derangements of Stomach, Liver and Bowels.

### DISCRIMINATING LADIES.

**Enjoy Using Herpicide on Account of Its Distinctiveness.**

The ladies who have used Newbro's Herpicide speak of it in the highest terms, for its quick effect in cleansing the scalp of dandruff and also for its excellence as a general hair-dressing. It makes the scalp feel fresh and it allays that itching which dandruff will cause. Newbro's Herpicide effectively cures dandruff, as it destroys the germ that causes it. The same germ causes hair to fall out, and later baldness; in killing it, Herpicide stops falling hair and prevents baldness. It is also an ideal hair dressing, for it lends an aristocratic charm to the hair that is quite distinctive. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

E. S. Leadbeater & Sons, Special Agents.

## Two Dyspeptics

If you are too fat it is because your food turns to fat instead of muscle—strength. If you are too lean the fat producing foods that you eat are not properly digested and assimilated.

Lean, thin, stringy people do not have enough Pepsin in the stomach, while fat people have too much Pepsin and not enough Pancreatine.

## Kodol
### Dyspepsia Cure

contains all the digestive juices that are found in a healthy stomach, and in exactly those proportions necessary to enable the stomach and digestive organs to digest and assimilate all foods that may be eaten. Kodol is not only a perfect digestant, but it is a reconstructive, tissue building tonic as well. Kodol cures Indigestion, Dyspepsia, Sour Stomach, Heartburn, Palpitation of the Heart and Constipation. You will like it.

**Digests What You Eat**

Rests the stomach, rebuilds the tissues and gives firm flesh.

Dollar bottle holds 2½ times as much as the trial, or 50 cent size.

A POWDER "GOLDEN RELIEF" FOR THE FOOT

"I wish to acknowledge the benefit I derived from using your powder. My feet were excessively tender, burning and blistering. The footwear was usually damp and odorous, and as I was on my feet many hours daily, they were hours of torture. Your powder gave me relief from ALL these troubles."

## HAVE YOU TRIED IT?

Golden Relief Foot Powder is different from all other powders. It is not a mere toilet luxury. To any one suffering from tender, feverish, perspiring feet it is indispensable. It keeps the skin absolutely dry and healthy and positively destroys all odor of the footwear. Get a box today of your druggist.

### Another Infernal Machine.

Gun cotton enough to kill a man arranged in an infernal machine and disguised as a gilt cigar box was received yesterday by Precinct Police Captain Miles O'Reilly, in New York. This is the third deadly explosive instrument of similar construction sent through New York mails in the last four days, the other two having been received by Jacob H. Schiff, the banker, and M. Guggenheim's Sons.

Captain O'Reilly received a cigar box which in weight and every other detail misled him into taking it for a genuine present. Unusually heavy nails fastening down the cover, however, caused a suspicion. When the box had been carefully opened at the ends matches were found glued to its inner surface in such a manner that they would be ignited on emery paper by the friction necessary to raise the lid. The police found that the flare of one of the half dozen matches might have caused the death of Captain O'Reilly.

A detective carried a tiny portion of the gun cotton and powder, which nearly filled the box, into the cellar and there touched a match to it. The resulting explosion was heard on the upper floors of the police station.

A valuable clue to the men who sent the deadly infernal machines to Jacob A. Schiff and Guggenheim's Sons was found yesterday afternoon when a letter foretelling an attempt to assassinate rich Jews there was brought to light.

This letter, breathing throughout a hatred of the wealthy, was received by Philip Cowen, publisher of the American Hebrew, last April. He read it hurriedly, saw that it was probably the work of a crank and promptly turned it over to Police Commissioner McAdoo.

Since that time it has remained in the latter's office. It was not until yesterday that Mr. Cowen, comparing the threats the note contained with the actual sending of the bombs, saw a connection between the information given by the anarchists and the first move in either campaign.

The envelope bore the postmark of Station B, the note April 12, and informed its recipient that the writers, two Russians and one American, had resolved to wage a war against the rich Jews in New York because of their influence and their wealth.

As for Cowen, he was warned to take care of himself. No harm was to come to him, the letter declared, but he could not be too careful.

At the bottom were the three signatures, all of which were hard to decipher.

"At the time," said Mr. Cowen, "I paid little attention to the remarkable missive, anarchistic as it was. In fact, it had well-nigh slipped my mind when the sending of the bombs last week set me to thinking."

### Conditions in Russia.

P. N. Milukoff, professor of Russian history in the University of St Petersburg Prof. T. N. Denissevitch, and many others, all identified with the reform movement, were arrested at their respective residences Sunday night by the political police and are now in prison. Altogether there were 17 political arrests Sunday night, mostly of professors, advocates, physicians and architects. The reason given by the department of police for the arrests is that the prisoners were arranging for a meeting to condemn the imperial manifesto. Their contention is that they were simply planning to continue the reform campaign. The arrests have created a sensation in St. Petersburg.

It is rumored that there will be a general strike of railway men throughout Russia soon. A general strike has been proclaimed throughout Poland as a protest against the disregard of the rights of the Poles in the scheme for representation in the national assembly. The strike began at Warsaw yesterday. Employes of the Vistula Railway quit work and many trains were left standing at intermediate stations.

Eighty socialists, carrying arms, while attempting to enter Warsaw, were opposed by a detachment of Cossacks. Eight of the socialists were killed and the others arrested.

Employes of factories at Warsaw, Lodz and Pobiance have joined the strike. Besides the Vistula Railway, the Terespol line and the light railways have been compelled to suspend service.

### Colic and Diarrhoea—A Remedy that is Prompt and Pleasant.

The prompt results produced by Chamberlain's Colic, Cholera and Diarrhoea Remedy together with its pleasant taste have won for it a place in many households. Mr. W. T. Taylor, a merchant of Winslow, Ala., writes: "I have used Chamberlain's Colic, Cholera and Diarrhoea Remedy myself and also with men on my place, for diarrhoea and colic and it always gives relief promptly and pleasantly." For sale by Gibson and Timberman and W. F. Creighton & Co.

### Pleasantly Effective.

Never in the way, no trouble to carry, easy to take pleasant and never failing in results are DeWitt's Little Early Risers. These famous little pills are a certain guarantee against headache, biliousness, torpid liver and all of the ills resulting from constipation. They tonic and strengthen the liver. Cure Jaundice. Sold by W. F. Creighton, & Co., 401 King street.

## KIDNEY TROUBLES

**Increasing Among Women, But Sufferers Need Not Despair**

**THE BEST ADVICE IS FREE**

Of all the diseases known, with which the female organism is afflicted, kidney disease is the most fatal, and statistics show that this disease is on the increase among women.

Mrs. Emma Sawyer

Unless early and correct treatment is applied the patient seldom survives when once the disease is fastened upon her. Lydia E. Pinkham's Vegetable Compound is the most efficient treatment for kidney troubles of women, and is the only medicine especially prepared for this purpose.

When a woman is troubled with pain or weight in loins, backache, frequent, painful or scalding urination, swelling of limbs or feet, swelling under the eyes, an uneasy, tired feeling in the region of the kidneys or notices a brick-dust sediment in the urine, she should lose no time in commencing treatment with Lydia E. Pinkham's Vegetable Compound, as it may be the means of saving her life.

For proof, read what Lydia E. Pinkham's Vegetable Compound did for Mrs. Sawyer.

"I cannot express the terrible suffering I had to endure. A derangement of the female organs developed nervous prostration and a serious kidney trouble. The doctor attended me for a year, but I kept getting worse, until I was unable to do anything, and I made up my mind I could not live. I finally decided to try Lydia E. Pinkham's Vegetable Compound as a last resort, and I am to-day a well woman. I cannot praise it too highly, and I tell every suffering woman about my case." Mrs. Emma Sawyer, Conyers, Ga.

Mrs. Pinkham gives free advice to women; address in confidence, Lynn, Mass.

### Filtered Water for Washington.

The first filtered water entered the mains of Washington yesterday from the $4,500,000 municipal filtration plant at the head of North Capitol street. The process of starting the operation of the plant was begun last Tuesday, but that involved merely the turning of the water into the first of 29 filtration beds, each having a capacity of 3,000,000 gallons.

The water from but one bed was turned into the District distributing system yesterday, but the expectation is that the other beds will be available for use at the rate of at least one every other day until the number necessary to turn out pure water to the amount of the present consumption in the District is complete.

The average daily consumption in the District of Columbia now is 63,000,000 gallons per day, but the flow from each of the beds may be increased so as to meet any unusual demand. Twenty-one of the filtration beds are practically completed, while the eight others are in course of construction.

### Grave Trouble Foreseen.

It needs but little foresight, to tell, that when your stomach and liver are badly affected, grave trouble is ahead, unless you take the proper medicine for your disease, as Mrs. John A. Young, of Clay, N. Y., did. She says: "I had neuralgia of the liver and stomach, my heart was weakened, and I could not eat. I was very bad for a long time, but in Electric Bitters, I found just what I needed, for they quickly relieved and cured me." Best medicine for weak women. Sold under guarantee by E. S. Leadbeater & Sons, druggists at 50c a bottle.

### FOR OVER SIXTY YEARS

AN OLD AND WELL-TRIED REMEDY.—Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for Diarrhœa. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup and take no other kind.

### Take Kodol After Eating.

After a hearty meal a dose of Kodol Dyspepsia Cure will prevent an attack of indigestion. Kodol is a thorough digestant and a guaranteed cure for Indigestion, Dyspepsia, Gas on the Stomach, Weak Heart, Sour Risings, Bad Breath and all Stomach troubles. Sold by W. F. Creighton, and Co., 401 King street.

Alexandria Gazette
SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

TUESDAY EVENING, AUG. 22, 1905.

THE long-anticipated primary election for United States Senator, Governor, other State officers and a member of the House of Delegates is in progress today in the Old Dominion. This is the first time the voters of the State have had the privilege of voting directly for a United States Senator, and the outcome is awaited with interest. Governor Montague has long looked with covetous eyes upon the seat now occupied by Senator Martin, and he has stumped the State and about exhausted his strength in endavoring to persuade the people of Virginia that he would make a better representative than the Junior Senator. For the past ten years the joint bodies of the legislature of Virginia have failed to see any one who could improve upon him, and the representatives of the people composing those bodies have very sensibly made him his own successor. It remains to be seen whether the people will affirm the wisdom of their action, or prefer his competitor. Of course, no one can foretell the result of today's election, although the friends of Senator Martin have for some time believed that his election was a foregone conclusion, while the admirers of Governor Montague profess to be equally confident that their candidate will win. There are all sorts of prognostications concerning the outcome of the gubernatorial race. Each candidate will doubtless run well, but at present no one can name with certainty the man who will receive the laurel crown.

EARTHQUAKE shocks startled many people in portions of Missouri, Illinois, Indiana, Kentucky and Tennessee last night. In some places people were thrown out of beds and from chairs. On the last day of August nineteen years ago, a similar seismic disturbance extended over a larger area of the United States, resulting in considerable damage especially in Charleston, S. C., where buildings were demolished and lives destroyed The shocks were perceptible in Alexandria, where considerable alarm was felt. In some cases people staggered and fell in the streets, while chandeliers pictures and mirrors swayed to and fro, houses shaking in the meantime. The vibrations continued about thirty seconds. There is much distress at present in various parts of the world. Apart from wars and rumors of war famines exist as well as pestilence—the latter in our own domains—and with such things the powers of nature are exerted also to add to the existing apprehension.

CHARGES of graft in the customs service of the Treasury Department are being investigated, and a fresh scandal in that branch of the government is promised, if anything fresh in the fraud and graft lines is possible. The charges have to do with the classification and inspection of tobacco shipped into this country from Cuba. There is a difference of $1.50 a pound between the tariff upon filler tobacco and wrapper tobacco, and it is suspected that through collusion between the customs officers and importers, much of the higher grade tobacco has been classified as filler tobacco. It has been learned that a great quantity of tobacco, supposed to be filler, has been shipped into the country by way of Tampa and other southern ports, and then sent to New York by rail.

THERE WAS an increase of five deaths in New Orleans yesterday over Sunday's figures, and sixty-one new cases of yellow fever were also reported. The fever for the twenty-four hours ending at 6 o'clock last night made its appearance in sixteen new localities, including the home of a member of the Marin Hospital Service, who caught the disease while working among the afflicted. It had been hoped that the dread disease had been gotten under control but this seems not to be the case, though the people in the stricken country will continue to resist its march to the utmost of their ability.

THE Standard Oil Company has declared a dividend of $6 a share for September 16. This means a distribution of $6,000,000 to the stockholders of the great oil trust, of which the personal share of John D. Rockefeller is understood to be $2,400,000. This has drawn attention to the fact that in the last three months Mr. Rockefeller has given away to education and charity at least $11,500,000. His investments, outside of Standard Oil, are said to produce $10,000,000 a year.

SPEAKING of the American exports during the last fiscal year the Manufactureres' Record shows that 41 per cent. of the total originated, directly or indirectly, from the South. The total value of our exports was $1,491,744,695. The increase in value over the preceeding year was $56,565,678. More cotton and less wheat was sent abroad.

Alfred Waterhouse, a wellknown artist, and architect, and a member of Royal Academy, died in London this morning.

THE SUM of $1,767,000 has been lost by the public to the bookmakers and the gambling clubs at Saratoga, N. Y., since the race meeting opened nineteen days ago. But men and women, too, will keep right on betting on horses and everything else, for that matter, till the end of time.

THE FINDINGS and opinion of the Court of Inquiry, which investigated the explosion on the gunboat Bennington, which killed sixty-four men, have been made public at the Navy Department. The blame, of course, was put upon the dead men. They tell no tales.

## From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, D. C., August 22.

Secretary Bonaparte will shortly order a general court martial for the trial of Ensign Charles Tobias Wade, chief engineer officer of the gunboat Bennington, on charges based on the finding of the court of inquiry which investigated the explosion of the boilers of that vessel in San Diego harbor. The principal charge against him will be failure to make a personal inspection of the safety and sentinel valves of boiler B, the defective operation of which is initially responsible for the explosion. He also failed, it is alleged, to have proper tests made. Had these valves been in working order the pressure would have been relieved, in the opinion of the court of inquiry, despite the fact that the steam indicator was cut off by mistake and the water tender and fireman were not aware of the terrific strain to which the boiler was being subjected. Rear Admiral Goodrich, commander-in-chief of the Pacific station, will appoint the members of the court to try Wade, and the trial will be conducted probably at Mare Island navy yard. Ensign Wade is twenty-six years old. During his terms of service in the navy he has had wide experience in the engineering department. He was appointed to the Naval Academy from Hackettstown, N. J., Sept. 5, 1896, and since his graduation has served on the Massachusetts, New York, Culgoa, Glacier, Manila, Pompanaga, Foote and other vessels. Among officers in the navy, Wade was understood to be an excellent officer for work in the engine and boiler rooms.

The local grand jury which has been considering the cotton leak scandal of the Agricultural Department this morning convened after an adjournment of a few days during which time District Attorney Morgan H. Beach secured the services of three detectives to investigate the records of different banks in this city for the purpose of disclosing whether or not Edwin S. Holmes, jr., or John Hyde, former statistician of the bureau of statistics of the Department of Agriculture, ever transacted business with certain New York cotton brokers. Several New Yorkers, prominent in the cotton brokerage business are known to have business dealings with Edwin S. Holmes, and it was the purpose of Mr. Beach's visit to New York Sunday and Monday to confer with the federal authorities there for the purpose of having subpoenas served upon these men. This morning, Secretary Wilson, of the Department of Agriculture, had a long conference with the District Attorney prior to the convening of the grand jury.

The earthquake vibration felt in the middle west did not extend to Washington. An examination of the seismograh, a delecate instrument for the measurement of earthquake vibrations, at the Weather Bureau, indicated this morning that no disturbance had occurred in this vicinity during the past twenty-four hours. No observation of shock was felt at the Naval Observatory, although mail reports of the shock in the west are expected at both the observatory and the Weather Bureau from observers in the zone of the earthquake.

The federal grand jury today returned an indictment against Thomas E. Waggaman, a local real estate dealer, charging embezzlement of $5,200 from the estate of the late Adele B. French. Among the beneficiaries of the estate was the Little Sisters of the Poor. Waggaman is now in California. He recently went into bankruptcy with liabilities aggregating over a million dollars, one of the heaviest creditors being the Catholic Uuiuersity, of which he was a trustee.

The committee appointed by the Secretary of Commerce and Labor to revise the present rules and regulations under which the immigration laws and the Chinese exclusion laws are administered have begun work.

The attack on these foreigners occurred in the district southwest of Kilwa.

### Bomb Conspiracy Discovered.

Vienna, Aug. 22. — Advices from Smyrna say that a bomb conspiracy has been discovered there. The plot included the destruction of the gas works, by means of a bomb, and the looting of all the banks under cover of darkness, when the lights of the city should all go out. All the Armenian bank clerks in the city have been arrested on suspicion of being connected with the conspiracy.

### New York Stock Market.

New York, Aug. 22.—Practically all the speculative interest in the stock market has been attracted to Reading. There were two separate movements in the stock, and the buying finally carried the stock above 119. Next to Reading, St. Paul was perhaps the strongest feature at i advance.

## News of the Day.

The typhoid feves situation is said to be improving here. During Sunday and yesterday eleven new cases were reported and there were three recoveries yesterday.

Mrs. Mary Mapes Dodge, editor of "St. Nicholas Magazine," author of children's stories and poet, died at her summer cottage in Onteora Park, Tannersville, N. Y., yesterday.

Mrs. Jean Blackshire, who has been on trial a week at Grantsville, W. Va., on a charge of hiring two men to kill her husband (Henry Blackshire), was found guilty of manslaughter yesterday and sentenced to three years in the penitentiary.

About three weeks ago Mabel, the 16-year-old daughter of Alfred Martin, of Woodbridge, N. J., was taken ill with scarlet fever. The girl's mother nursed her till she was herself stricken, when a trained nurse was called in. Miss Mabel died. The mother, worn out by nursing, was the next victim. Elmer, the 18-year-old son of Mr. Martin, was stricken next, and also succumbed. Carrie, the youngest girl, aged 14, died Sunday.

John Hyde, former statistician, and Edwin S. Holmes, associate statistician, of the Department of Agriculture, may both be indicted in Washington for their connection with the cotton leak scandal. District Attorney Beach has obtained information that Hyde was more closely associated with Holmes than had ever been suspected, and the officers of several banking and safe deposit institutions are to be summoned before the grand jury and forced to tell what they know about the joint financial transactions of the two men.

### PEACE PROSPECTS.

Allthough the contents of Russia's reply are not authoritatively known in St. Petersburg, it is stated there that Russia will notify Japan through their respective plenipotentiaries that the requirements of state forbid her making any concessions upon the question of indemnity and the cession of Sakhalin Island.

The answer, it is said, will give such material evidence of sincerety that Japan's refusal to yield will force her to appeal before the world as utterly unreasonable and insatiable.

The British Foreign Office states definitely that, believing Japan's demands moderate, Great Britian cannot intervene to ask a reduction.

Baron Kaneko, confidential agent of the Emperor of Japan, appeared unexpectedly at Oyster Bay and held a conference with President Roosevelt. He said, in explaining why he called again after declaring his visit of last Friday to be the last: "Something has happened since then," but refused to give an intimation of the nature of this something. It is said President Roosevelt has been informed that Japan will make concessions on some of the articles submitted, and for this reason the President is encouraged to believe peace is still possible.

### Attempted Assault.

A negro, supposed to be Jack Page, attempted a criminal assault upon Miss Hallie Smith, at her home four miles from Manassas, on Saturday evening. Miss Smith and her sister live together. She was sitting in the yard about dusk, when someone grabbed her violently from behind. She was choked almost into insensibility, but was able to utter a cry which brought her sister to her rescue. The negro, seeing the approach of another woman, released Miss Smith and fled. Notwithstanding the fact that the negro had such an advantage of his intended victim, Miss Smith was able to offer some resistance, and in doing so she caught hold of his necktie and tore quite a lengthy piece from it. Miss Smith did not get a glimpse of his face, but she has reason to believe that Jack Page is the guilty party. The piece of neckware, however, is the only evidence which the officers have so far. No arrests have been made.

### The Election.

After a poll of the State, made under the direction of the Richmond News-Leader in eighty-five of the 100 counties of the State, in its issue of yesterday this paper predicted that today's primary will result in victory for Martin for Senator, Swanson for Governor, Anderson for Attorney General and Eggleston for Superintendent of Public Instruction. As Ellyson's election is considered a foregone conclusion, no figures are given for the lieutenant governorship.

The estimates are as follows:

Martin, 52,002; Montague, 42,189.

Mann, 24,924; Willard, 27,287; Swanson, 42,311.

Eggleson, 56,509; Hulvey, 23,924.

Anderson, 50,049; Williams, 30,745.

This forecast does not claim accuracy for the figures.

### Police Shot by Negroes.

One policeman is dead and another is not expected to live as the result of an attempt to disperse a crowd of negroes in the vicinity of the brickyards at Haverstraw, N. Y., Saturday. A negro named Brown is said to have done the shooting. He is still at large. A companion named Sisco was captured Sunday. The negroes had been drinking, and Policemen Cahill, Springstead and Call went to the place to quell the disorder. On the outskirts they met Brown, who, declaring no one should take away his pistol, pulled the weapon and began firing. Cahill was instantly killed and Springstead so badly wounded that he is not expected to live. Rewards aggregating $2,000 have been offered for Brown's arrest.

### Friends in Session.

The Fairfax quarterly meeting of Friends, including Friends from Winchester, Hopewell, Waterford, Alexandria, Washington, Woodlawn and Lincoln, is in session at Lincoln, Loudoun county, and will continue several days. This meeting is largely attended by delegates from adjoining counties. The principal subject under discussion is "The Needs of the First Day Schools." The Society of Friends is rapidly extending its doctrine throughout Northern Virginia.

### Fraud Exposed.

A few counterfeiters have lately been making and trying to sell imitations of Dr. King's New Discovery for Consumption, Coughs and Colds, and other medicines, thereby defrauding the public. This is to warn you to beware of such people who seek to profit, through stealing the reputation of remedies which have been successfully curing disease, for over 35 years. A sure protection, to you, is our name on the wrapper. Look for it, on all Dr. King's or Bucklen's remedies, as all others are mere imitations. H. E. ## Virginia News.

Mrs. Julia Troland, 67 years old, widow of Robert Troland, died at her home in Fredericksburg yesterday as a result of a fall last winter. She is survived by three daughters and three sons.

Miss Lucy Welford Smith, daughter of the late Warren T. Smith, of Clarke county, died at Silver Spring, the country home of her brother, Robert B. Smith, near Wickliffe, Sunday, aged 28 years.

Judge John P. Sheffey, one of the best-known jurists in the State, died at his home in Marion Sunday night, aged 68 years. He was a captain in the Confederate army, and after the war engaged in the prabtice of law.

The fight for a new primary for Richmond offices was renewed yesterday in earnest. It is now freely declared that unless a new primary is ordered an independent ticket will go into the general election and sweep the city.

C. F. Allen, a white man, 50 years old, was arrested in Lynchburg yesterday evening, charged with committing a criminal assault on Susie Drinkley, a 13-year-old white girl. The assault is alleged to have taken place yesterday afternoon a short distance south of the city. Allen is in the city jail.

Thomas E Watson, of Georgia, former member of Congress and nominee for President on the populist ticket of 1904, is negotiating for the purchase of Gunston Hall, in Fairfax county. Gunston Hall was originally the home of George Mason, a prominent figure in the early history of the country. After the civil war it was occupied by Edward Daniels, who enjoyed a local reputation as a politician. It later became the home of the Spechts, who recently attained transient notoriety.

E. J. Winborne, of Berkeley, an insurance collector for a Norfolk firm, was drugged and robbed of $644.50 Sunday night. He and his wife awoke Monday morning with severe headaches. They discovered that the desk where Mr. Winborne had put his collections on Saturday night was opened, the papers scattered about and the money gone. The front and back doors of his house were open for the escape of the burglars, but nothing except the money was disturbed. Mr. Winborne is confident that he and his wife were drugged. There is no clue to the burglars.

M. D. Mansfield, of Fayetteville, N. C., is at the Richmond almshouse almost a wreck from morphine and beside himself because of the loss of his wife. Mrs. Mansfield came to Richmond, by agreement, from Emporia to meet her husband, but not finding him she reported his disappearance to the police. She was treated with every consideration and left Friday, no one knowing where she went. Yesterday Mansfield went to the almshouse and asked for treatment. He said he had been wandering around the city hungry and suffering for the poison that had sapped his life and which no druggist would sell him. He was deeply distressed over the loss of his wife and begged the police to find her. Mansgeld owns a hotel in Fayetteville and is well to do.

### Negroes Stole Horse and Buggy.

Edward Saunders and Joseph Williams, two negroes, tried to dispose of a horse and buggy, the property of Mrs. Elizabeth Spillman, of Washington, at Fairfax Court House yesterday morning. The darkeys were arrested and turned over to the Washington authorities. On Sunday afternoon, Mrs. Spillman's son took the horse and buggy and drove to the house of a young woman friend, and was in the house waiting for her to accompany him for a drive into the country, when the two negroes jumped into the vehicle and drove rapidly away. Shortly after sunrise yesterday morning the two negroes drove slowly into Fairfax Courthouse. The horse was tired and lame. They had driven all night. George Gaines was the first person they met, and they at once offered the outfit for sale to him for $35. Mr. Gaines, who is a dealer in horses at once saw that the harness alone was worth more than the price asked by the two dusty, frightened negroes. Being suspicious, he told them to drive down the road a little farther and he would show them some one who would jump at the bargain. He led them to Deputy Sheriff Cross' house, and when the officer came to the road the two negroes became more eager for the sale and told him he could have the horse and buggy for $30. It happened that the sheriff had only a few moments previously received a dispatch from Captain Boardman telling him to look out for the stolen horse and buggy. Mr. Cross recognized the outfit as that wanted in Washington, and without questioning the negroes told them to get out, as they were under arrest. Williams jumped from the vehicle and made a dash for liberty, but when he heard the report of a pistol he changed his mind and returned meekly to his captor.

### Killed in Feud Fight.

According to information received at Harriman, Tenn., a feud battle occurred Sunday, near Alice Station, on the Queen and Crescent Railroad, a few miles south of Harriman Junction, in which Frederick Miller and his son, John Miller, aged 23, and Fred Johnson were killed, and Henry Miller, another son, of Fred Miller, aged 18, was dangerously wounded. They were fired upon by men from ambush. For more than 20 years a feud war has raged between the Miller and Rawlings families. It is not known what members of the latter family were engaged in the fight.

In a feud fight on Black Creek, in Powell county, Ky., Sunday, Campbell Anderson was killed and Tom and Gale Morton, brothers, were seriously wounded. Will Peasely and Troy Plunkett were slightly hurt. All of the men are prominent in Lee county, and have long been known as members of fighting families of early feud days.

### The Warrenton Horse Show.

The entries of the Warrenton Horse Show, to be held August 30th and 31st, have just closed, and are the largest ever made for a two-days open-air show in Virginia, if not in the United States. They have the two largest classes ever exhibited at any show in the country, one having 65 and the other 56 entries. The entries include the highest class of harness horses, pack saddle horses and hunters that have ever come together at any one show in this section. The breeding classes are well filled. The entries come from New York and Albemarle, Orange, Culpeper, Rappahannock, Loudoun, Rockingham, Prince William and Fauquier counties, Virginia.

## Today's Telegraphic News

### The Election.

[Special Dispatch to the Alexandria Gazette.]

Richmond, Va., Aug. 22.—The indications are that nearly 100,000 votes will be polled in the State. The election is passing off quietly in Richmond. The city will likely give Montague several hundred majority and Willard a handsome plurality. About 5,000 votes will be polled here, more than half are now in.

Advices at Montague headquarters and in the afternoon papers from Roanoke, Lynchburg and the Second district indicate that the Governor is running well and his backers are pleased. Both sides stoutly claim the State and the contest is expected by conservative men to be close. So far no disturbances are reported from anywhere in the State. Unless the senatorship is very close the result will be known shortly after midnight.

The consensus of opinion here is that Senator Martin will carry the State and that the gubernatorial fight is between Swanson and Mann, with chances in favor of the former.

### The Peace Negotiations.

Portsmouth, N. H., Aug. 22.—Today should decide the issue of peace or war. Whether it will or not, is problematical. The decision rests with the Czar of Russia. If he is willing to meet the Japanese on a basis of compromise a peace treaty will be signed. If he decrees otherwise, the negotiations which have been in progress for the past twelve days will abruptly terminate and the envoys of Russia and Japan, and the members of their suites, will depart for their homes by the first available steamers.

President Roosevelt is exerting every influence he can bring to bear to harmonize the conflicting interests. Behind him stand the friendly European powers, which, if they are given an opportunity, will earnestly urge Russia to meet her enemy in a spirit of conciliation and put an end to the war, even though she has to make sacrifices. The powers are alarmed lest all Europe may become embroiled in the conflict which promises to be unending, unless the present peace conference results in a satistactory settlement.

Mr. Sato, the Japanese spokesman, declared last night that the time for compromise had been reached. "Japan has made concessions," he said, "and she will make others. But if there is to be peace Russia must do likewise."

While waiting on word from St. Petersburg, the peace envoys have arranged to hold a short session today and adjourn over until Wednesday, at which time it is believed some official declaration will have been received. This arrangement is subject to modification. At the last minute they may abandon today's meeting. The idea was under contemplation yesterday, but no action was taken.

M. Witte says: "We cannot pay Japan an indemnity. It is impossible. If Japan would use the money to buy diamonds, clothes, or other good things for her people, it would be one thing, but Japan will use our money to buy—"

M. Witte hesitated a moment, and added "ships and other things. Japan could not have made this war if she had not obtained an indemnity of about $200,000,000 from China. If she gets an indemnity from us, she will use it as she has used the indemity from China. In 25 years she will make war with some other country. Speaking as the envoy of the Czar, and the Czar's plenipotentiary to the peace conference, with all the sincerity and emphasis of force of language at my command, Russia will not pay Japan an indemnity; let me repeat, Russia will not pay an indemnity. I cannot make that declaration in any stronger terms."

But the hope of a settlement of the dispute is not absolutely extinguished, for M. Witte, so as to make his position perfectly plain, continues:

"I will not pay an indemnity until I am ordered to by my imperial master, the Czar. My own views are not controlling. I am the envoy of his majesty, the Czar. It is the will of the Czar that is controlling."

M. Witte, declares that Japan has not yet set foot on Russian soil. "What little she has gained, we do not call Russian," is the way he explains it. This is a colonial war, a struggle that the country (Russia) knows little about," he continued. "Our people have not felt the war, many thousands do not know that it exists. To pay an indemnity under such circumstances, is impossible." Of Saghalin he says. "His Majesty wants peace, but peace can be made with honor. The army does not want peace, and although His Majesty is desirous of peace, I am sure that if peace were to be made by the surrender of Saghalien, it would be objected to by the army." Of two other of the Japanese demands, he suggests international insincerity. He says: "Any person with even a slight knowledge of international law knows that Japan can lay no claim to the vessels interned in neutral ports. The Japanese demand that Russia shall limit her naval force in the far East has no practical meaning The world knows that Russia has no navy, that it will be 25 years before she can have a navy in the Pacific equal to that of Japan. For Japan to require now, under these circumstances, that Russia shall limit her navy is not a very serious question. For her to withdraw that demand as a concession is merely to attempt to impose upon the intelligence of the world."

M. Witte has great faith in the ability of his country to continue the war. "Russia is able to prolong the campaign," he declares. "We have ample resources. We have 40,000 versts (one and a half verst are the equivalent of one mile) of government railways that are not mortgaged; the liquor monopoly produces a revenue of $180,000,000 a year; the customs and the liquor monopoly together aggregate $300,000 000 yearly. There are the forest lands; there are many other productive sources in addition. Russia can find money the war is continued. The douma is the seed from which will spring the unification of the people".

Assistant Secretary of State Peirce this morning had a conference which lasted over two hours with Mr. Saki, who is Baron Kaneko's secretary. This conference was held at the Hotel Rockingham in the city of Portsmouth, five miles away from the Wentworth, the headquarter of the envoys. It was arranged for late last night, and the greatest secresy is being maintained.

Portsmouth, N. H., Aug. 22.—The Russian secretaries are busily engaged in the conference rooms at the navy yard in completing their protocols. They hope that by afternoon they may have the documents in proper shape for presentation at the conference set for tomorrow. The preparation of protocols, which under another name may be known as minutes, is exacting. Each one consists of from 1,200 to 2,000 words. The minutes are drafted in Japanese and Russians, after an agreement of the envoys as to the exact wording. They must then be presented in French, and be identical in terms and language.

Portsmouth, N. H., Aug. 22.—The official announcement was issued at 10:15 this morning, that today's session of the peace envoys had been adjourned until 8:30 a. m. tomorrow.

Tokio, Aug. 22.—The press speaks out in strong language today in opposition to any abatement of the Japanese peace demands.

Paris, Aug. 22.—The correspondent of the Temps, at St. Petersburg, in a dispatch to his paper, denies that the ministerial council has decided not to make any further concessions to secure peace. The correspondent declares that the council voted by a small majority for the conclusion of peace, and ordered the Portsmouth delegates to make a new proposal in regard to the indemnity.

### Earthquake Shocks.

St. Louis, Aug. 22.—A severe earthquake shock was felt throughout eastern Missouri, western Illinois, southern Indiana, Kentucky and Tennessee, at 11:08 o'clock last night. At Cairo and Richview, Illinois, and several points in Kentucky, and Tennessee the vibrations are said to have been accompanied by a loud rumbling noise, which caused a panic among citizens. Most places report two shocks, though only one was felt here. It was so heavy as to throw many out of beds and chairs, in some instances, and to cause the wildest kind of alarm. In north and west parts of the city hundreds ran out into the streets in night gowns. In Belleville, and East St. Louis, panic stricken people crowded the streets. The weather bureau took note of the disturbance, and reported the shock the most severe in twenty years. The city hall and Four Courts buildings were shaken violently. The latter did not show any ill effects from the shock, although the building is one of the oldest in the city.

Springfield, Ills., Aug. 22.—This city experienced an earthquake shock at 12:12 o'clock last night. The disturbance lasted fully a minute. Apparently the waves moved from west to east, as persons in their beds at the time report a rocking in that direction. The upheaval was followed by a thunder storm.

Cairo, Ill., Aug. 22.—An earthquake shock occurred here at 11:11 last night, continued about one minutes and shook the strongest buildings in the city. Hundreds took refuge in the streets.

Richview, Ill., Aug. 22.—At about 11:08 last night a severe earthquake was felt here which lasted about 20 seconds and caused much alarm. The shock made a noise like a train passing.

Memphis, Tenn., Aug. 22.—A distinctly felt earthquake shock alarmed this city at 11:14 last night, coming in two verbrations, about two minutes apart. It was sufficiently strong to rock four story buildings and send their inhabitants pell mell into the streets.

At Howe Institute, in the eastern part of the city, the alarm amounted to almost a panic. Reports from Brownsville and Paris, Tenn., say that the shock was severe, gathering force as it traveled eastward and lasted about thirty seconds in each place.

Peducah, Ky., Aug. 22.—Earthquake shocks were felt here last night at 11:12 o'clock. The vibration seemed from east to west. Telephone messages from neighboring towns show that the shock was general in this part of the country and was quite severe.

Cold Springs, Ind., Aug. 22.—An earthquake of great magnitude occurred here about 11 o'clock last night, which made the buildings sway to and fro. There were three or four distinct shocks, which lasted several seconds.

Owensboro, Ky., Aug. 22.—Owensboro and Henderson, Ky., and Evansville, Ind., were visited by an earthquake at 11:05 last night. Two shocks were felt. Citizens of Owensboro were greatly frightened. Many rushed from their homes. No damage was done.

Chicago, Aug. 22.—Chicagoans residing near the western limits of the city were awakened or startled last night by the faint vibrations of a distinct seismic disturbance that traveled the entire length of the State. In the immediate vicinity of Chicago the earthquake was barely perceptible. In towns and villages lying west and southwest of the city the shock was felt and occasioned, while it lasted, considerable alarm. The officials of the hydrographic buaeau say it swept along a line from southeast to northeast, only extreme vibrations touching the outer limits of the city.

### Steamer Athos in Port.

New York, Aug. 22.—Twelve days overdue from Jamaica the Donald steamship company's steamship Athos was towed into port this morning, her machinery disabled, and her passengers and crew thankful to be ashore after a voyage which threatened death by storm and by lack of food, and water. The Athos was picked up on Saturday by the Atlas line steamer Altai, and towed here, but to cap the climax of an eventful trip, the tow line parted last night off the Scotland lightship, and the Athos was forced to anchor for the night. She was brought up this morning by tugs. The passengers were taken off last night and brought up to quarantine on the Altai. The Athos left the harbor of Port Antonio, Jamaica, on July 28, with a cargo of bananas, and eight passengers. There was a series of mishaps throughout the voyage, the steamer having run aground and later broke her machinery. After repairs had been made another mishap to her engine rendered the steamer helpless. The passengers and crew exhausted their larder and were compelled to catch fish in order to avoid starvation.

### DIED.

At his home, 420 North Alfred street, August, 21, at 6:30 p. m., CHARLES BOOTHE, son of L. Morgan and the late Mary Jane Davis, aged twenty-seven years and eight months. The funeral will take place from his late home tomorrow (Wednesday) afternoon at 3 o'clock. Friends of the family are invited to attend.

### IN MEMORIAM.

In sad, but loving remembrance of our baby, ESTHER E. McBLAIR, who departed this life August 22, 1904—one year ago today. Gone, but not forgotten.

Little Essie was our darling,
Pride of all our hearts at home,
But an angel came and whispered
"Little Essie, do come home."
Then her spirit quickly fled
To God by whom it was given;
Her body in the ground is dead,
But Essie is in heaven.

### Killed by Russians.

Victoria, B. C., Aug. 22.—The steamer Shawmut brings news of the return to Hakodate of the Japanese sealing schooner Tora Maru, with four men dead and four wounded, and with news of the murder of fourteen other sealers of the schooner Matsumoto Maru, by Russians on the Kamchatkan coast. The Tora Maru was hunting seals off the Kuriles when she picked up a boat of the Matsumoto Maru, containing four men. They reported that while hunting off the Copper Island, their schooner had foundered during a storm, nine of their crew drowning, with the vessel, and the remaining eighteen in three boats reaching the Kamchatkan port about fifty miles north of Cape Loopaw. The men picked up by the Tora Maru had left the survivors on the beach to seek a coast settlement where provisions could be obtained. The Tora Maru returned to succor the shipwrecked men but when the landing place was reached, the Russians opened fire on the Tora Maru boats. It was learned that the fourteen shipwrecked sealers had been killed, and the Tora Maru's sealers were driven back to their vessel with four dead and four wounded. The Toro Maru then returned to Haokodata with dead and wounded.

### Jewish Bankers and Russia.

Liverpool, Eng., August 22.—According to the Post, the Rothschilds and other great Jewish banking houses have assumed the position in regard to the proposed loan to Russia that they will not participate in advancing money to that nation unless the emancipation of the Russian Jews has been made an accomplished fact. The great financial concerns will not consider the question of making a loan until the concessions demanded have actually been made. The Rothschilds recall that on a previous occasion a loan was made to Russia conditionally, but after the money was advanced, the conditions were not carried out They do not propose to be hoodwinked again, and for that reason have taken the stand that the concessions must have been made before money will be advanced.

### Trolly Cars in Accident.

New York Aug. 22.—A dozen persons were injured, some of them so seriously that it is feared they will die, as the result of the collision of a southdound trolley car with a lumber wagon at Third Avenue and Thirty-fifth street, this morning. The car struck the wagon cutting it almost in half.

New York Aug. 22.—A street car accident which resulted in the death of one man and serious injury of five others, occurred this morning on Brooklyn Bridge near the tower of the Brooklyn side. A Gates avenue car ran into a Fulton car. An unknown man, about 55 years old, was thrown from the car, and received a fractured skull. He died before an ambulance could be summoned to his assistance.

### The Taggart Divorce Case.

Wooster, O., Aug. 22.—When the Taggart divorce trial was resumed today some startling testimony was looked for, owing to the presence of Brigadier General Miner, who is accused by Captain Taggart. Miner was Taggart's Colonel at Fort Leavenworth. Mrs. Irene Vose, niece of Mrs. Taggart testified this morning that Captain Taggart was morose and irritable during her visit at the Taggart house in Manila. Mrs. Vose late yesterday told stories of Taggart's alleged indiscretions with Augustina, the Filipino house servant. In cross examination today she told again of the fact that Taggart in pajamas had passed her door and went into the room where Augustina slept.

### Sultan to Withdraw Objections.

Birmingham, Eng., Aug. 22.—The Post says that a telegram has been received in official circles from Constantinople which says that the Sultan is expected to withdraw all his objections to the creation of an international board to exercise control of Macedonian affairs. Both Russia and Germany have recently become very energetic in their support of the plan to have this international commission appointed, and it is now hoped that the board will be named in September.

## Local Matters.

### Sun and Tide Table.

Sun rises tomorrow at 5:19 and sets 6:46. High water at 12:48 a. m. and 1:04 p. m.

### Weather Probabilities.

For this section fair tonight. Wednesday partly cloudy; light southerly winds.

### The Election Today.

The primary election today, while conducted in a spirited and earnest manner, has been devoid of excitement or unseemly procedures. The bulk of the voters had fixed upon which candidates to support weeks ago, and the ballots were prepared and cast in an orderly manner.

The polls were opened at sunrise in the Elks' Hall, the City Hotel, the Odd Fellows' Hall on north Columbus street, and in the Friendship engine house.

Champions of the respective candidates were on hand early, but many of them found themselves as Othello, as most voters were invulnerable to arguments or appeals. They had long before selected their candidates and having cast their ballots left the vicinity of the election booths. A few carriages were running to and fro, but they found comparatively few who wanted transportation.

The weather, though warm, has been fair and propitious for an election day.

While most of the friends of the senatorial, gubernatorial and legislative candidates have appeared sanguine, a seriousness at times was manifest, as there was a percentage of voters who gave no hint as to who they would support. This element will be an unknown quantity until after the counting of the ballots.

Preparations for the announcement of the result tonight have been made in certain places in the city, and after dark the interest in the outcome will become acute and remain so until all doubt shall have been dissipated.

The contest in this city it is admitted by all is close, but at 3:30 o'clock a majority of those about the polls said that the chances were in favor of Martin, Swanson and Caton.

The following was the number of votes polled in the four wards of this city at 4 o'clock this afternoon:

| | |
|---|---|
| First ward | 219 |
| Second ward | 249 |
| Third ward | 183 |
| Fourth ward | 150 |
| Total | 801 |

### Fire This Morning.

The alarm of fire between seven and eight o'clock this morning was caused by the discovery of flames in the rear portion of the building occupied by Mr. Benjamin Bass, on the west side of Royal street, between King and Cameron. A serious disaster was narrowly averted by the immediate sounding of an alarm and the prompt arrival of the fire department on the scene and the effectual use of extinguishers from the Relief Hook and Ladder house. It appears that Mr. Benjamin Hibbs, who occupies apartments in the rear portion of the house, arose and ignited an oil stove and after placing a coffee pot on it returned to his cot in an adjoining room and fell asleep. In the meantime the blaze from the stove set fire to the room and the flames, soon invaded that in which Mr. Hibbs was sleeping and reaching his cot set fire to his coat when the burning of his flesh awakened him. The fire by this time gained dangerous headway. Several rooms were filled with smoke and Mr. Bass experienced difficulty in removing his sleeping children to a place of safety. The damage to the house will amount to between $250 and $300.

### The Braddock House.

The Mayor has received reports from the heads of several of the city departments who inspected the Braddock House building as to its sanitary condition, safety, &c. Health Officer Gorman considers the building unsanitary; Mr. H. A. Downham, secretary of the fire department, considers the building a fire trap and City Engineer Dunn thinks the building in bad shape, though not a menace to life; that it needs much repairs and that the plumbing and fire escapes are inadequate. City Attorney Boothe has received letters from the owners stating that they recently made arrangements for the needed repairs to the building but that in the meantime they had entered into negotiations for the immediate sale of the property with a gentleman who, if he becomes the purchaser, would put the building in good condition. It is understood that a reasonable time will be given the owners, either to sell or improve the property.

### Held for Theft.

After a hearing in the Washington Police Court yesterday morning George Walker, who was charged with taking a horse and buggy from the Centre Market, which later was found in his possession in this city, was held for the action of the grand jury. In default of $500 bail he was committed to jail. Hezekiah Leftwitch, who was with Walker, was discharged from custody, it being held that he was not a party to the alleged larceny. The horse and buggy taken by Walker were the property of Michael L. Sullivan, of Georgetown. He left his horse in front of the market Saturday morning, and when he returned it was gone. The men, it will be remembered, were arrested bp Officer Roberts.

### Railroad Petitions Supervisors.

A special meeting of the board of supervisors for Alexandria county was held yesterday evening in the county court house to consider the petition of the Washington, Arlington and Falls Church Electric Railway Company for the privilege of laying its track on a portion of the Columbia pike. The company has asked for the right to occupy fifteen feet along the north edge of the roadway along a certain portion of its course. Only two of the supervisors being present it was deemed best to defer action upon the request till a later date and the meeting adjourned till tomorrow evening.

### Baseball.

The Alexandria baseball team and the Immaculate Conception team, of Washington, will play a game of baseball on the old fair grounds this evening at 5 o'clock. As the visiting nine is considered a very strong one, an exciting game is expected. The line-up of the Alexandria team will be: Kraft, catcher; Purcell, pitcher; L. Bright, first base; Dougherty, second base; Ellis, shortstop; Wheatley, third base; C. Bright, left field; Gray, centre field; Benzette, right field; Dunlap and Fletcher, substitutes.

The feature of the evening was a great cobweb composed of blue and pink strings and woven around the house in such an intricate way that the boys and girls felt that there was nothing so absorbing and interesting as unwinding the web and finding the treasure at the end of each string. During the evening very appetizing refreshments were served. Among those who assisted Mrs. Clemmer in entertaining was Mr. Harry Wheat, of Alexandria.—[Staunton Dispatch.

### Colored Boys Arrested.

Four colored youths ranging in age from 13 to 18 years today went to a house near the old Swann property, in the county, and asked the lady of the house for something to eat. She told them she had nothing for them, where upon they became abusive and some say struck her. The occurence caused some excitement and the boys were subsequently arrested by Messrs. Burke and Pennypacker and taken to the county jail where they were locked up. All sorts of reports were circulated in this city concerning the affair, one being that some Italians in the neighborhood upon hearing of the behavior of the boys had severely beaten them. This is said not to be true.

### The Weather.

The chances are against this vicinity having any cool weather to speak of in the near future, according to the predictions of the Weather Bureau. The nights will probably be far less comfortable this week than they were last week. The temperature continues very high in Kansas, Nebraska and the far West, but has begun to be more temperate in the Mississippi Valley. The temperature yesterday was sultry, and it continued to be so during the early part of the night. A fog hung over the river this morning.

### Street Improvements.

The work of repaving Prince street between Lee and Fairfax, is now under way. The old curbing is being removed and granite curbing placed in position. The cobble stones will soon disappear and in their place a modern vitrified brick roadway is to be laid. The square on Lee street, between Prince and Duke, is being prepared for similar improvements.

After having been released Patterson came to Alexandria, but later returned to Washington. He is again locked up in the latter city.

### One Look Enough.

Topeka, Aug. 22.—W. F. Hughes, adjutant general of the Kansas National Guard, has returned from the battleship launching at Philadelphia and a visit to Atlantic City badly shocked. Of course, it was at the latter place where the general sustained the strain to his nerves. It was the military man's first experience of salt water and bathing suits. He started for the beach, with Governor Hoch and the other members of the Governor's staff, but when he saw a bevy of women at the Philadelphia and Reading Railway station wearing bathing suits he halted.

"It is actually shocking," said the hero of many Fort Reilly sham battles, in telling his experiences today. "There were those women, more than a mile from water, and wearing those ridiculous clothes. Why, actually, their stockings and their skirts did not meet by several inches. I took one look at them and caught the first train back."

### Minstrels Injured.

Newburg, N. Y., Aug. 22.—While the private car Berenice, en route from Paterson to Saratoga, was being switched from the Erie to the West Shore road here at 8:40 this morning, it collided with six cars standing on the westbound track. The Berenice, which was occupied by the members of the West minstrel troupe, was badly damaged and ten members of the troupe were injured.

### Town Burning

Los Angeles, Cala. Aug. 22.—It is reported in Santa Barbara that the town of Lompere which has 1,000 inhabitants, is on fire. The town is located on a spur of the Southern Pacific in Santa Barbara county, and no particulars are available owing to absence of communication.

### Collapse of Section of a Building.

St. Louis, Aug. 22.—A collapse of a section of the educational building at the World's Fair grounds, this morning, carried down eleven men with it, and more or less severely injured them. It is thought to have been caused by the earthquake shocks felt here last night.

### A Denial.

It has been rumored about the city that the members of the Columbia company on their recent trip to Harrisonburg to attend the State Firemen's Convention were all drunk, and that some of them skipped their board bills. Now, I wish to brand that statement as a malicious lie. While one or two of our members were under the influence of the accursed stuff, they do not by any means constitute the whole company, nor did any of them skip their board bills. I just want to resent this insult to myself and fellow members in order to let the public know that we are gentlemen. Respectfully,

CHAS. R. HERBERT, Asst. Sec.

### Disorderly Men.

I saw an article in the Gazette of yesterday about the disorderly conduct of young men on King and Washington streets. Is that the only place where there is disorderly conduct? If the police don't know of any other place I think it a good thing to tell them about the drunken and disorderly conduct of men who stand in front of barrooms and also around the four corners of Royal and Cameron streets. Ladies cannot go out Royal street by Cameron without some vulgar man utters an oath. I thought as the police didn't know about this place I would inform them of it. S.

Perfection Mosquito and Fly Canopies.

Why be annoyed by mosquitos and flies when it can be prevented by a very small expense and no trouble?

We call special attention to the fact that the "Perfection" 5-coil canopy springs have been THOROUGHLY TESTED in tension, action, power and endurance, and found that they will lift any grade new net to a perpendicular position against the head board, and will also undergo the strain of being fastened down, day and night, continuously for many months without showing signs of weakness, when properly adjusted. They are small in diameter; noiseless in operation; look neat and pretty; are not clumsy nor in the way; are strong and durable, and the most perfect canopy springs ever put on the American market.

Made in all sizes and can be adjusted to either metal or wood beds.

Have us put one up for you, and after one week's trial if not entirely satisfactory we will take it down and refund your money.

### Cause of Bennington Disaster.

The proceedings of the court of inquiry which investigated the explosion on the gunboat Bennington at San Diego, Cal., on July 21, were made public by Secretary Bonaparte yesterday. The findings were a complete surprise, for they at once set at rest the stories that had been circulated to the effect that the Bennington's boilers, and perhaps those of other naval vessels of the same age, were defective. As a matter fact, the court found that the explosion resulted from the closing of a valve which connected the exploded boiler with its steam guage, so that the pressure on that boiler may have been several hundred pounds to the square inch when the accident occurred.

While praise was accorded to the officers and ship's company for their conduct during the harrowing scenes following the accident, the officer and men who were responsible, in the opinion of the court, are pointed out and court-martial proceedings suggested in the case of the only one of them surviving, Ensign Charles T. Wade.

### Took Senator Daniel to Task.

As he was leaving his office in the Law building in Lynchburg yesterday evening United States Senator John W. Daniel was accosted by J. M. Tutwiller, a Norfolk and Western locomotive engineer, of Roanoke, who introduced himself and took the Senator to task for giving his support to Senator Martin for the nomination to succeed himself. While Tutwiller was not impolite, he gave Major Daniel to understand that he was doing wrong if he did not vote today for Governor Montague, and for nearly half an hour the Senator stood and answered each of the arguments advanced by the man. As Major Daniel always draws a crowd when he talks, it was only a short time before the street was packed with persons listening intently to the argument. The police finally had to interfere and order the crowd to disperse, Mr. Tutwiller shook his finger in the major's face several times during the argument, though his words were at all times polite, The incident caused no no little talk in the city.

### Agonizing Burns

are instantly relieved, and perfectly healed by Bucklen's Arnica Salve. C. Rivenbark, jr., of Norfolk, Va., writes: "I burnt my knee dreadfully; that it blistered all over. Bucklen's Arnica Salve stopped the pain, and healed it without a scar." Also heals all wounds and sores, 25c at E. S. Leadbeater & Sons druggists.

### A Warning to Mothers.

Too much care cannot be used with small children during the hot weather of the summer months to guard against bowel troubles. As a rule it is only necessary to give the child a dose of castor oil to correct any disorder of the bowels. Do not use any substitute, but give the oldfashioned castor oil, and see that it is fresh, as rancid oil nauseates and has a tendency to gripe. If this does not check the bowels give Chamberlain's Colic, Cholera and Diarrhoea Remedy and then a dose of castor oil, and the disease may be checked in its incipiency and all danger avoided. The castor oil and this remedy should be procured at once and kept ready for instant use as soon as the first indication of any bowel trouole appears. This is the most successful treatment known and may be relied upon with implicit confidence even in in case of cholera infantum. For sale by Gibson & Timberman and W. F. Creighton & Co

### Soothing and Cooling.

The salve that heals without a scar is DeWitt's Witch Hazel Salve. No remedy effects such speedy relief. It draws out inflammation, soothes, cools and heals all cuts, burns and bruises. A sure cure for Piles and skin diseases. Dewitt's is the only genuine Witch Hazel Salve. Beware of counterfeits, they are dangerous. Sold by W. F. Creighton & Co., 401 King street.
